

THRIVING IN SECONDARY SCHOOL WORKSHOP

BMT creating positive experiences for black boys in school!

At a glance

The "Thriving in Secondary School" workshop empowers boys from African/Caribbean and mixed backgrounds by debunking stereotypes, boosting aspirations, and nurturing a holistic worldview. Using interactive activities, it instills confidence, readies them for secondary school, and encourages positive interactions. With a focus on personal, academic, and social growth, the workshop aims for long-term impact, shaping successful individuals who contribute positively to their communities.

COSTS

The cost of the session includes the following

- 30-Minute Consultation

AIMS

- Equip with practical skills for the transition to secondary school.
- Foster personal growth, reflection, and positive transformation.
- Create a lasting impact on academic, personal, and social development.
- Challenge stereotypes, nurturing self-identity and agency.
- Elevate aspirations, encouraging ambitious goal-setting.

WHAT'S INVOLVED

All sessions are time at either 60 minutes (in-person) or 45 minutes (virtual) and includes the following components:

Ice-breaker

Group discussion

Reflection tasks

Research Analysis

Q&A

Certificate

REQUIREMENTS

1

Black/Mixed boys - majority of the participants

The workshop is aimed at boys from black/mixed background, however it welcomes other boys from different ethnicities. We believe the message will be impactful for all but very poignant for our black/mixed boys.

2

Suitable venue

A large aspect of the workshop is group work where the boys will discuss issues that affect them personally as a group. A space that accommodates this will be highly beneficial

3

IT Provisions

The workshop is delivered via a PowerPoint presentation so access to a laptop, projector and sound is needed.

4

Multimedia review

Throughout the workshop we desire to capture moments of engagement to use for further promotional materials. This can be reviewed by the lead contact.
